

## Annual Seminar of the French Society of Veterinary Pathology

<sup>th</sup>  
**50** Anniversary

### *Bone and joint pathology and cytology in Carnivores: a diagnostic challenge*

**14<sup>th</sup> and 15<sup>th</sup> December 2012**

Institut Pasteur  
25, rue du Docteur Roux – Paris (France)

---

The annual meeting of the French Society of Veterinary Pathology will be held at the Institut Pasteur, Paris 14-15 December 2012.

The scientific programme on Friday 14<sup>th</sup> will cover diagnostic approaches of biopsies and cytological samples from bone and joints in Carnivores. Among the lecturers, we have invited Prof Steven Weisbrode (Ohio State university, USA), who gained a worldwide reputation on bone pathology.

A slide session will take place on Saturday 15<sup>th</sup>

The slide session is designed to practising veterinary pathologists. **The number of participants to this practical session is limited to 20 in order of registration.**

You are kindly requested **to provide slides from feline or canine bone or joint biopsies and cytological samples**. The slides (10 slides per case) should be accompanied by case history, diagnosis / suggested diagnosis, and reasons of the case's choice. The most interesting or representative cases will be selected by the coordinators.

All lectures will be taught in English.

**Dead-line for case submission: 1<sup>st</sup> September 2012**
